

Oracle and VMware One Womans Journey

[Times New Roman 18 pt medium big]

VMware Intl
Cork, Ireland

Keywords:

Oracle VMware Support Licencing

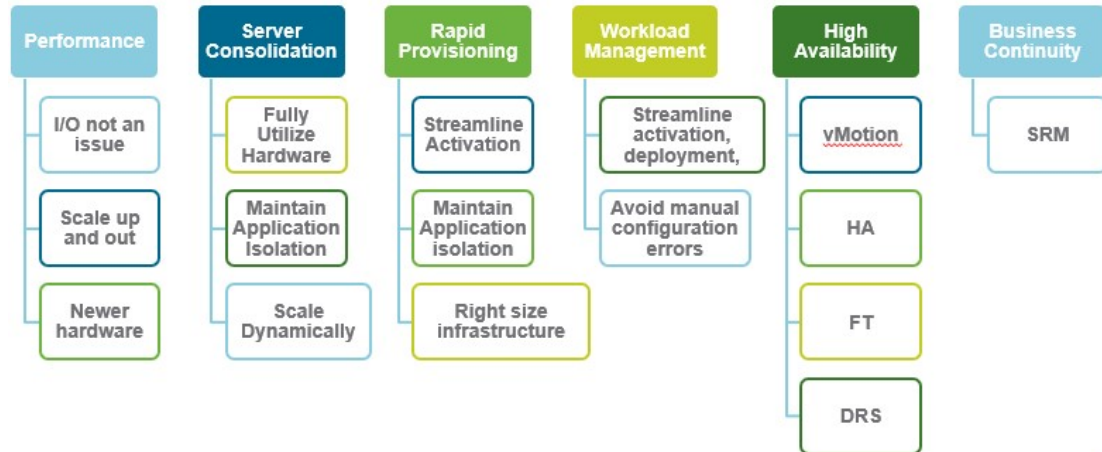

Introduction

Introduce myself. How I'm experienced in both Oracle and VMware. Outline how I'm a key position in VMware to implement changes requested by customers and have customers voices heard. I've previously been a developer in PLSQL and have passed many Oracle and VMware exams.

Headline [Times New Roman 11 pt medium big]

Features of VMware useful for DBA's

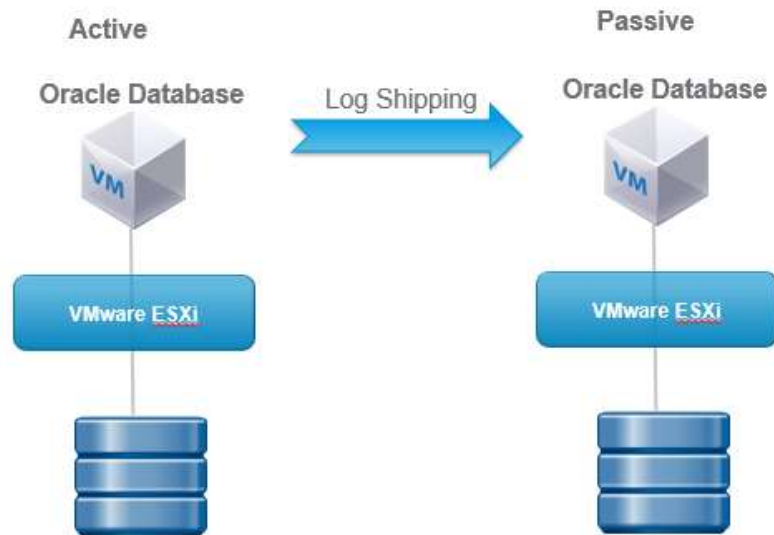

What do Business Critical Databases need?

Headline

How HA works on VMware. Vmware features can work with oracle HA features.

Oracle High Availability in vSphere – Data Guard
