

**ORACLE<sup>®</sup>**

**SOFTWARE. HARDWARE. COMPLETE.**

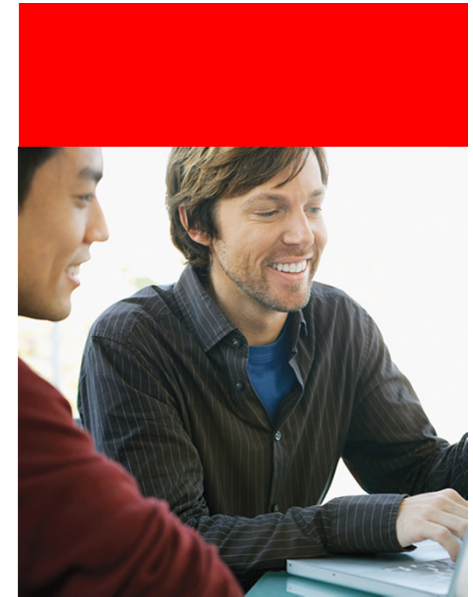

**PGBU Migration Program**

# Agenda

- **Upgrade vs Migration**
- **Product Migration Details**
- **Q&A**

# Upgrade vs Migration

# Upgrade vs Migration

- Upgrade
  - Move to a newer version of the product
  - Included in Support contract
  - No change to licensing
  - Example: upgrade from an older version of P6 to P6 R8
- License Migration
  - Change licenses purchased under older license metrics to current license metrics
  - License migration fees may apply
  - Example: change license from P6 Level 4 to P6 EPPM license

# Reasons to upgrade

- Get the latest product features
- It's included in the product support agreement

# Upgrade to P6 EPPM R8

- P6 Primavera legacy license – full license
  - Rights to use the same components after upgrade
  - Supplemental products are not included

# Reasons to Migrate

- Eliminate limitations of legacy licenses
- Take advantage of Restricted Use Licenses (RULs)
  - Free, restricted use of select Oracle applications
- Gain greater flexibility with license
  - Application user license may access multiple databases
- Alleviate the burden of tracking concurrent users & put in place compliance processes

# P6 EPPM License Migration

- Migrate legacy license to P6 EPPM license
  - Rights to use all P6 components + supplemental products

Included	P6 Level 4		Included	P6 EPPM

# Product Migration Details

# Primavera P6 Migrations

- P6 Levels 1-4 migrate to Primavera P6 EPPM
  - P6 Level 4 = 100% license credit
  - P6 Levels 1-3 = 70% license credit
- Ratios:
  - Named to Application User - 1:1 ratio
  - Concurrent to Application User - 1:2 variable ratio
- P6 EPPM License includes restricted use licenses (RUL) of
  - BI Publisher
  - Universal Content Management
  - Weblogic

# Primavera P3 Migrations

- P3 migrates to Primavera P6 EPPM or P6 Professional
  - P3 to P6 EPPM = 65% license credit
  - P3 to P6 Professional = 70% license credit
- Ratios:
  - Named to Application User - 1:1 ratio
  - Concurrent to Application User - 1:2 variable ratio

# Primavera Risk Analysis Migrations

- Pertmaster Project Risk and Pertmaster Risk Expert migrate to Primavera Risk Analysis
  - Pertmaster Risk Expert = 100% license credit
  - Pertmaster Project Risk = 50% license credit
- Ratios:
  - Named to Application User - 1:1 ratio
  - Concurrent to Application User – up to 1:3 variable ratio (depending on user cases)

# Web sites

**The EPPM Microsite is available in German now !**
